📍 Port Charlotte, Florida

- MULTI-PURPOSE SPACE
- MUSIC
- COMPUTER ROOM
- ART LAB
- TEACHER'S LOUNGE

PROJECT OVERVIEW

As an active project, the Charlotte Academy Master Plan conceptualizes the 10 acre campus into three main phases. The first phase includes a 25,000 sq.ft. new student activity facility. The multi-purpose building includes an art garden, an outdoor learning center, athletic fields, an amphitheater, and classrooms. The second phase includes the remodeling of the 8,000 sq.ft. existing facility to create high-functioning academic spaces and main hub for classrooms. The third phase includes additional academic spaces totaling 18,000 sq.ft., as well as additional parking.
