

TANDEM CONSTRUCTION AT ENERGY COURT

📍 Sarasota, Florida

PROJECT OVERVIEW

PROJECT SIZE: 5,408 s.f.

COMPLETION: 2008

FEATURES: In relocating their headquarters to Lakewood Ranch, Tandem Construction wanted to have a functional office setting to show off their trade skills. Utilizing floating ceilings, the large floor- to-ceiling glass windows allow borrowed light into the core spaces and partial open office area making the space appear more free flowing. The materials used were selected to integrate the lobby into the tenant space.
