

TARA GOLF & COUNTRY CLUB

📍 Bradenton, Florida

PROJECT OVERVIEW

The Tara Golf and Country Club Clubhouse renovation developed following a complete Master Plan. The renovations increased the size of the kitchen, improved dining experience and staff efficiency, and created an aesthetic reflecting the antebellum style of "Tara" from Gone With The Wind. The scope included a complete interior remodeling of the dining room, grille room, administrative area, card rooms, and pro shop, plus a 3,811 sq.ft. addition to the kitchen with a new enclosed service yard.
